PROFESSIONAL SUMMARY

Fourth-year AI and Data Science student at Al Hussein Technical University with hands-on experience in machine learning and data analysis, working with Python and other programming languages. Experienced in developing projects that apply AI techniques to real-world challenges. Seeking an 8-month internship starting July 2026 as part of my graduation requirements, where I can apply my technical skills and contribute to impactful solutions.

EDUCATION

Al Hussein Technical University (HTU) **,Amman, Jordan**

- *B.Sc. in Artificial Intelligence and Data Science, class of 2027.*
- **Relevant Coursework**: Machine Learning, Deep Learning, Natural Language Processing, Data Analytics, Neural Networks (TensorFlow & PyTorch), Programming in Python, Data Structures & Algorithms, Software Engineering, Databases, Cybersecurity Basics, SDLC, Bioinformatics, Full Stack basics.
  Current GPA: *3.71*

Montanuniversität exchange semester **Leoben, Austria**

- *Exchange Student – Industrial Data Science* *Sep 2025 – Feb 2026*
- **Relevant Coursework**: *Machine Learning Algorithms, Modelling & Simulation, Warehousing & Inventory Management, and Logistics Systems Engineering.*

Pearson Higher Nationals (HTU) **Amman, Jordan**

- *BTEC Higher Nationals Diploma level 5* *Oct 2022 – Jul 2026*
  BTEC Higher Nationals Diploma level 4 *Oct 2022 – Jul 2026*
  Expected Grade: *Distinction (D)*

PROFESSIONAL WORK EXPERIENCE & TRAINING

Machine Learning Intern **Jeddah, Saudi Arabia**
[Four Winds Saudi Arabia] *Jul 2025 – Aug 2025*

- *Contributed to the development of computer vision features and front-end components*
- *Assisted in integrating machine learning models and handling data workflows*
- *Supported user interface development within a collaborative software environment*

CERTIFICATES

- **Introduction to Python**
  DataCamp
  Gained foundational skills in Python programming including variables, data types, conditionals, and basic data structures.
- **Intermediate Python**
  DataCamp
  Expanded Python proficiency with loops, logic, functions, and modules, including working with the NumPy library.
- **Understanding Data Science**
  DataCamp
  Learned about the data science workflow, essential tools, and real-world applications across different industries.
- **Python Toolbox**
  DataCamp
  Explored advanced Python tools including error handling, iterators, list comprehensions, and working with the standard library.
- **Introduction to Functions in Python**
  DataCamp
  Focused on writing reusable functions, understanding scope, arguments, and organizing code efficiently.

.

LEADERSHIP AND VOLUNTEER EXPERIENCE

Volunteer Usher **Amman, Jordan**
[Al Hussein Technical University (HTU)]

- Completed over 148 hours of volunteer service in various university events and community initiatives, demonstrating commitment, teamwork, and reliability.
- Developed strong soft skills including communication, teamwork, adaptability, and problem-solving in a fast-paced environment.

Volunteer **Jeddah, Saudi Arabia**
[Eco Kids Summer Camp]

- Supported a diverse group of normal and special needs children in educational and recreational activities, fostering inclusivity, empathy, and cross-cultural communication.

ACM Student Chapter – HTU **Amman, Jordan**
Outreach Officer
[Al Hussein Technical University (HTU)]

- Led awareness and engagement initiatives, coordinated events, and expanded outreach for the university's ACM Club, enhancing student participation in tech and coding events.

Data Science Club – HTU **Amman, Jordan**
Member of the technical team
[Al Hussein Technical University (HTU)]

- Delivered workshops and training sessions on data science and programming concepts.
- Taught Python and fundamental machine learning topics to fellow students.
- Assisted peers in applying technical knowledge to projects and problem-solving.

ADDITIONAL INFORMATION

- **Software programs:** Eclipse, Ubuntu, Power BI, Orange, and MATLAB.
- **Technical Skills and Coding Languages:** Java, C, Python, SQL, and React.
- **Soft Skills:** Problem-Solving, Collaboration, Creativity, Communication, Time Management, Team Building, Leadership, Public Speaking, and Presentations.
- **Languages:** Native Arabic, fluent/ full professional proficiency in English, Limited working proficiency Turkish.
